

Commercial Credit Reporting and Investigative Services

NCO Financial Systems offers commercial credit reporting and investigative services such as pre-employment screening and background checks. Our exceptional customer service sets us apart from anyone in the industry in providing you the following solutions:

Credit Reporting - NCO Credit Reporting offers business credit reporting services that allow you to evaluate the credit-worthiness of potential commercial customers or assist in making decisions regarding credit line increases or reductions. Protect your business by making informed financial decisions using NCO Credit Reporting. Numerous report options are available to fit the needs of every organization.

Pre-Employment Screening/Background Check - NCO Financial Investigative Services offers a full range of pre-employment screening options via secured online access from any computer including:

- Social Security Trace
- Criminal Record Screening
- Motor Vehicle Records
- Past Employment Verification
- Education Verification
- Licensing Verification
- Credit Check
- Sex Offender Screening
- Prison Inmate Screening
- Wants & Warrants Screening

& More!

Asset and Liability Searches - NCO Financial Investigative Services also offers in-depth investigations designed to assist you in making the most intelligent credit or recovery decisions possible. NCO can help minimize the rising cost of litigation by advising you of a debtor's solvency prior to incurring legal fees. We can also identify tangible assets to assist in satisfaction of judgements should you elect to proceed with litigation. These searches include up-to-the-minute financial information including bankruptcy, debt and loan obligations, civil records, corporate status, judgments, liens, property holdings and much more.
